### Who?

Any student living in Southern Humboldt and in K-12<sup>th</sup> grades are eligible to participate. One student name per poster please.

### What?

We are looking for posters that emphasize Earth Day and caring for the environment! Earth Day is a special day to celebrate air, water, land, wildlife, biodiversity, and native ecosystems. The posters must represent one or more of these Earth Day themes.

*Did you know that non-native plants compete for water, sunlight, soil nutrients, and space to grow with plants that already live here? Sometimes, the new invasive plants can even take over the area and not allow native trees, shrubs, grasses, and wildflowers to grow as usual which changes habitats and the biodiversity of the environment.*

### When?

All original entries must be received by **Friday, April 17, by 4:00 p.m.**
